- [ ] getInitialState
- [✔] render
- [ ] renderComponent

- [ ] None

24. **Which of the following tasks must be performed before enabling the new data?**

- [ ] Deactivate all the themes.

- [ ] Delete all the widgets.

- [✔] Deactivate all the plugins.

25. **Which of the following API is a MUST for every ReactJS component?**

- [ ] getInitialState

- [✔] render

- [ ] renderComponent

- [ ] None

26. **Which of the following task must be performed before enabling the new method?**

- [ ] Deactivate all the theme

- [ ] Delete all the widget

- [✔] Deactivate all the plugin

27. **Props are _____ into other components.**

- [✔] Injected

- [ ] Methods

- [ ] Both A and B

- [ ] All of these

28. **WordPress download package includes**

- [✔] Akismet plugin
- [ ] User plugin
- [ ] Plugin
- [ ] Extension

SET C

---

1. **Which feature allows you to create a navigation menu of pages, categories, links, tags, etc. that is presented to your visitors?**

   - [✔] menus

   - [ ] widgets

   - [ ] themes

   - [ ] nav

2. **How can you access the state of a component from inside of a member function?**

   - [ ] this.prototype.stateValue

   - [✔] this.state

   - [ ] this.values

3. **Which of the following does React use?**

   - [ ] two-way binding

   - [ ] dirty checking

   - [✔] virtual DOM

   - [ ] All of the above

4. **Everything in React is a _____**

   - [ ] Module

   - [✔] Component

   - [ ] Package

   - [ ] Class

5. **When to use the automatic update process?**

   - [✅] Upgrade directory created automatically

   - [ ] You created directory upgrade

   - [ ] Upgrade directory update

   - [ ] Directory not found

6. **When you install a plugin, in what directory will the plugin code be stored?**

   - [ ] wp-config

   - [ ] wp-includes

   - [✅] wp-content

   - [ ] wp-admin

7. **In which directory are React Components saved?**

   - [✅] Inside js/components/

   - [ ] Inside vendor/components/

   - [ ] Inside external/components/

   - [ ] Inside vendor/

8. **Who can publish, edit, and delete their own posts?**

   - [ ] Subscribers

   - [✅] Authors

   - [ ] Editors

   - [ ] Contributors

10. **What is WordPress security?**

   - [ ] WordPress security is a comprehensive security theme.

- [ ] WordPress security is a comprehensive security role.
- [✔] WordPress security is a comprehensive security plugin.
- [ ] WordPress security is a comprehensive security role.
